DOCKET NO. 2007-129-C - ORDER NO. 2008-84
FEBRUARY 15, 2008

IN RE: Application for Extended Area Service) ORDER SETTING
Between the Towns of Inman, Campobello) MATTER FOR PUBLIC
and Landrum) HEARING

This matter comes before the Public Service Commission of South Carolina (“Commission”) on an application for extended service area between the Towns of Inman, Campobello, and Landrum that was filed by Spartanburg District One Schools. The applicant states that it operates schools in the above towns that are within five miles of one another but must pay toll charges in order to communicate by phone. We find that more information is needed to make a determination in this proceeding.

The Commission has requested information from the parties regarding the costs of alternative forms of balloting the public regarding the need and desire for extended area calling. We have reviewed the information provided by the parties regarding the costs of balloting measures, and have determined that a public hearing is an appropriate way to gather the needed information in a cost-effective manner. We therefore order the Commission’s Docketing Department to set the matter for a public hearing in a location convenient to the area where extended service is sought.

This Order shall remain in full force and effect until further order of the Commission.

BY ORDER OF THE COMMISSION:

G. O'Neal Hamilton, Chairman
